1778 Printed & Laminated EnduraLabel

Description: This preprinted and laminated white polyester is a premium product utilizing a special adhesive technology designed primarily for rough or low surface energy plastic surfaces used in the automotive industry. The product has high initial tack, yet is briefly repositionable, and the adhesion increases to very high ultimate peel strength. The combination of a matte laminate that makes barcode scanning easy, a rugged facestock and extra-strong adhesive makes this label resistant to harsh chemicals commonly found in the automotive and electronics industries.
