

# Labels that Last

## 519 Removable Clear Void Label

**Description:** Designed for applications where a temporary, tamper evident security feature is required, but is also cleanly removed as needed. The adhesive is a unique removable acrylic that will generate the word VOID on the film side but does not leave residue on the applied surface. The performance may vary depending on the type and finish of the surface – testing is recommended.

**Recommended Printing Ribbons:** T68, T84 Resin Ribbons

|                               | Face Stock        | Adhesive                         | Liner    |
|-------------------------------|-------------------|----------------------------------|----------|
