

Labels that Last

671 White Gloss Plastic

Description: The economical hard white plastic is coated for thermal transfer printing. It is perfect for - but certainly not limited to - semi-squeeze and rigid containers, irregular shapes and full wrap labeling. Its gloss surface offers attractive retail appeal to fit many food, health, beauty, household and chemical labeling requirements. This product is designed for indoor use, or short-term outdoor use only.

The general purpose, very aggressive permanent adhesive and should work on most substrates including glass, metal, paint, ABS and polycarbonate, but testing is always recommended.

Regulatory Compliance:

RoHS and REACH SVHC
CONEG
Phthalate and Lead Content

Recommended Printing Ribbons:

T84/T85 and T68/T69 Resin ribbons.
Also prints very well with full-color UV inkjet inks.

	Face Stock	Adhesive	Liner
