

Labels that Last

1792 Transparent Base-N-Switch™

Description: The adhesive side of this clear, base label will permanently bond to many surfaces and the face has a surface for other labels to bond to and release from countless number of times. This clear label eliminates the need for color matching to the surface it's being applied to.

This product is sold only in blank form and comes with a protective overlamine.

Applications include but are not limited to warehouse bins, totes and racking, or work-in-progress labels, where a clear surface is desired.

	Face Stock	Laminate	Adhesive	Liner
